

Annex 1: Project C1.1.1

Method of assessing competence	Practical Application of System	What is assessed and how? (knowledge; ability; knowledge and ability)						DEER WI
		SAFETY						
		OPERATOR		PUBLIC		FOOD		
DCS Fit and Competent Register (entrance by referee)	In the DCS Authorisation Process	FAC	number provided	FAC	number provided	BPG Handling carcasses	Referee form	Night shooting code of practice
		BPG Firearms	Referee form	BPG Firearms	Referee form	BPG Processing carcasses	Referee form	BPG Shot placement
		BPG Handling carcasses	Referee form					BPG Deer biology
		BPG Processing carcasses	Referee form					
DMQ DSC level 1	To gain membership to the SQWV Assurance Scheme (also requires DSC 2)	Firearms	shooting test & theory test	Firearms	written test & practical assessment	Handling carcasses	written test	Shot placement
		Handling carcasses	written test	Notifiable disease	written test	Processing carcasses	written test	Deer biology
		Processing carcasses	written test					
		Notifiable disease	written test					
DMQ DSC level 2	To gain membership to the SQWV Assurance Scheme (also requires DSC 1) In the DCS Authorisation process (entrance onto F&C register by DMQ2)	Firearms	practical assessment	Firearms	practical assessment	Handling carcasses	practical assessment	Shot placement
		Equipment	practical assessment	Waste disposal	practical assessment	Processing carcasses	practical assessment	Humane dispatch
		Handling carcasses	practical assessment	Notifiable disease	practical assessment			Deer biology
		Processing carcasses	practical assessment					
		Notifiable disease	practical assessment					
SVQ/NVQ Level 2 & 3 Gamekeeping and Wildlife Management (Deer)	Not any prescribed practical application. Can provide additional evidence when applying for jobs etc.	Prepare for a stalk	practical assessment and theory test	Prepare for a stalk	practical assessment and theory test	Hygienically transport deer	practical assessment and theory test	Identify individual and groups of deer
		Shoot deer	practical assessment & theory test	Shoot deer	practical assessment and theory test	Store deer	practical assessment and theory test	Use a high seat
		Efficiently locate deer	practical assessment and theory test	Efficiently locate deer	practical assessment and theory test	Inspect deer carcasses	practical assessment and theory test	Shoot deer
						Prepare deer carcasses	practical assessment and theory test	Locate the shot deer and ensure the animal is dead
						Shoot deer	practical assessment and theory test	

Annex 1: Project C1.1.1

FSA H2 Trained Hunter Status	Necessary for 'hunters' to supply game to an approved game handling establishment.					Normal anatomy and physiology	Theory test	
						Normal behaviour for deer species	Theory test	
						Major internal organs for deer species.	Theory test	
						Common diseases	Theory test	
						Other possible causes of ill health	Theory test	
						Risk to human health	Theory test	
						How deer carcasses can be contaminated	Theory test	
						Hygienic working techniques	Theory test	
						Risks to public health	Theory test	

Annex 1: Project C1.1.1

ELFARE	Length of time valid
F&C Application form	5 years
F&C Application form	
F&C Application form	
written test & practical assessment	life
written test	
practical assessment	5 years when used to gain access to F&C register
practical assessment	
practical assessment	life for other purposes
practical assessment and theory test	life
practical assessment and theory test	
practical assessment and theory test	
practical assessment and theory test	
practical assessment and theory test
